October 2026 NWPCG Program ✳ Maria's Shadow Candle Holders

What You'll Need to Make the Spoo-oo-ooky Ghost Candle Holder

- The usual tools: Pasta machine, work surface, tile for baking, your favorite tools
- Heat-safe glass or metal vessel with a smooth bottom and straight sides
- Small sharp scissors, craft knife, long flat blade, 12" ruler, blue tape, copy paper
- 4-6 oz. of white clay, 1-2 oz. of black clay, other colors as you like
- Silver or white mica powder, black or purple mica powder, or glitter
- Battery-operated votive candle

Optional

- 1/4" cutters in a variety of shapes, preferably ovals and stars
- Texture roller
- Rhinestones, beads, foils, wire, and other decorative things

straight sides
smooth bottom

top is larger than bottom
smooth bottom

bulging sides

too short

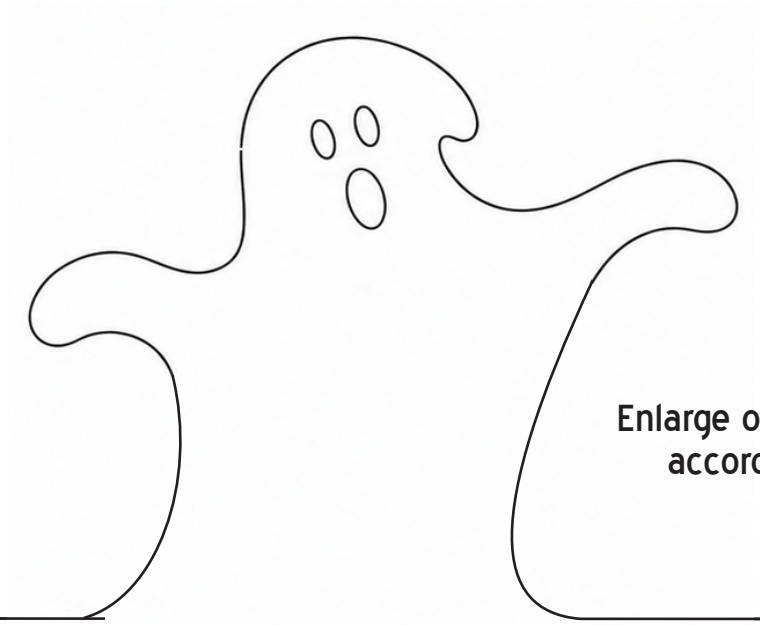

bumpy bottom

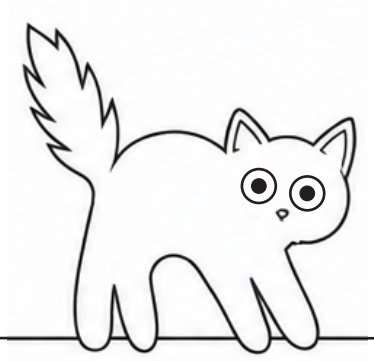

To know how long to make the bottom strip around your glass, measure the diameter and multiply by π (3.14).
This glass with a 2.5" diameter has a circumference of 7.85"

Circumference = 3.14 x diameter

Enlarge or reduce this pattern according to your taste
